Hair toppers page
Content for approval

A shopping page for customers who want coverage at the parting or crown, with clear product choices and simple buying guidance.

> **Review status: awaiting senior approval.** This is a basic content layout. Grey frames show proposed media, and the plain styling is for reading. Final website design and development follow content approval.

The agreed purchase journey

Browse toppers > Choose a product > Select options > Add to cart > Checkout

Hair toppers are available to buy online. Optional product support helps with size, shade and care. It does not gate the purchase.

Wigs and permanent extensions remain consultation-led. This proposal has no topper consultation CTA, booking form, consultation fee or appointment requirement.

Proposed page order

1. Hero and shopping action
2. Shop the four core toppers
3. Coverage needs
4. Silk and skin comparison
5. Size, shade and length guide
6. Why Alchemane
7. Results and customer stories
8. Wearing and care guide
9. Frequently asked questions
10. Shop, support and footer

What to review

Approve the page order and customer copy first. Confirm the product range, price/variant data, attachment and care details, media permissions, and shipping/returns wording before the final build.

Numbered sections contain proposed customer copy. Grey reviewer notes are internal and will not appear on the website. Shopping buttons in this preview link to the existing store; no checkout or booking has been built here.

Skin Topper 5 x 6

A larger skin-effect base for wider coverage.

Base: 5 x 6 inches
Hair length: 14, 16 or 18 inches

From Rs. 38,000

Choose options

Base size is the area the topper covers. Hair length is the length of the hair attached to it. Price varies by shade and length.

> **Reviewer note:** Prices and lengths are store snapshots checked on 16 October 2026, not approved new pricing. Figma prices differ. Use live catalogue data in the final build. Choose options leads to a product page; Add to cart follows variant selection. SKU routing and additional topper models need confirmation; see the final checklist.

03 / COVERAGE NEEDS

Coverage for your parting and crown

A hair topper covers part of your head and blends with the hair around it. It can help when you want more coverage or fullness on top.

A widening parting

Add coverage along a parting that looks more visible.

Thinning at the crown

Cover the top area while keeping your own hair around it.

Less volume on top

Add fullness where your hair feels finer or flatter.

Match the base to the area you want to cover, not just the hairstyle you want.

04 / PRODUCT COMPARISON

Silk or skin? Compare the bases

Start with the coverage you need, then compare the base finish.

Silk and skin base options in the proposed launch range

What to compare	Silk base	Skin base
Base finish	Fabric base with a scalp-like parting	Thin base designed for a skin-like finish
Coverage sizes	5 x 3 and 5 x 6 inches	5 x 3 and 5 x 6 inches
Listed hair lengths	14 and 16 inches	14, 16 and 18 inches
Shade choices	Natural Black, Dark Brown and a highlight option	Natural Black, Dark Brown and Highlights
Before choosing	Check the base close-up, parting and attachment details	Check the base close-up, parting and attachment details

Finish and fit can vary by product. View the base close-ups and attachment details before choosing.

> **Reviewer note:** Verify base construction, parting and supplied attachment for each SKU. Some current descriptions reuse silk wording on skin products. The proposed comparison helps customers choose between our products; it replaces the references' generic-competitor comparison.

05 / SELECTION GUIDE

Find your size, shade and length

Three details make a difference to how your topper blends.

1. **Measure your coverage.**
   Measure the area you want to cover from front to back and side to side. Compare those measurements with the product's base dimensions and fitting guide.
2. **Match your shade.**
   Compare the available shades with your hair in natural daylight. If you are unsure, ask our team about the shade before ordering.
3. **Choose your length.**
   Select a length that blends with your hairstyle. Base size and hair length are different measurements.

06 / REASONS TO CHOOSE

Why choose Alchemane toppers?

Human hair

A natural-looking addition to your own hair.

Base and coverage choices

Compare silk and skin bases in two sizes.

Help choosing your shade

Ask a product question before placing your order.

Care guidance

Learn how to wear, remove and look after your topper.

> **Reviewer note:** Confirm what is included in an online order. Custom cutting, colouring, salon fitting and unlimited adjustments are not promised in this draft.

07 / RESULTS AND CUSTOMER STORIES

08 / WEARING AND CARE

How to wear and care for your topper

Follow the guide for your topper's attachment method. For clip-on toppers, start with these three steps.

1. Position

Follow the fitting guide to place your clip-on topper over the area you want to cover.

2. Secure

Close the clips into your own hair. The fit should feel comfortable, without pulling.

3. Blend

Gently blend the topper with your hair and adjust the parting.

How to wear a clip-on topper

Approved product-specific tutorial

Open the clips gently to remove it. Store it neatly and follow the washing and heat-styling instructions for your product.

> **Reviewer note:** Confirm which variants are supplied with clips and approve their care instructions. This tutorial is for clip-on products, not bonded application.

Frequently asked questions

What is a hair topper?

A hair topper is a hairpiece for partial coverage, usually at the parting or crown. It blends with the hair you already have.

How do I choose the right base size?

Measure the area you want to cover and compare it with the base dimensions on the product page. Use the measurement guide before choosing between 5 x 3 and 5 x 6 inches.

Should I choose a silk base or a skin base?

Compare the base finish, coverage, parting and attachment details. The comparison above and the product close-ups can help you choose the option you prefer.

How do I choose my shade?

Compare the product shades with your own hair in natural daylight. Contact our team if you need help with the shade before you order.

Can I style a human hair topper?

Follow the styling instructions for your product, including any heat limits. Check with our team if you are unsure which tools or products to use.

Can I wash my topper?

Follow the washing instructions supplied for your topper and its base. Use the recommended care products and handle the base gently.

Can I wear a clip-on topper every day?

It can be worn and removed as needed. Make sure the fit feels comfortable, avoid pulling on your own hair and remove a clip-on topper before sleeping.

Can I have it cut or coloured?

Cutting or colouring should be discussed with our team before you alter the topper. The right approach depends on the product and the finish you want.

Can I buy a topper online?

Yes. Choose a topper, select the available options, add it to your cart and complete checkout.

What should I check about delivery and returns?

Read Shipping and Delivery and Returns and Exchanges before ordering. Check the terms for your chosen product, especially if you request customisation.

> **Reviewer note:** Approve the care answers and final policy links. The current store has inconsistent delivery timelines; the landing page's adjustment promise is not a clear returns policy. No fixed delivery promise, free-return claim or satisfaction guarantee is proposed.

10 / FINAL SHOPPING ACTION

Find your everyday coverage.

Choose the base and coverage size that suit your hair, then select your shade and length.

INTERNAL IMPLEMENTATION HANDOFF

Product selection before checkout

The category page leads to product details. Before Add to cart, show base size, available shade and length, selected price, stock and attachment method. Keep delivery and returns information close to the purchase controls.

Required options must be selected before purchase. Unavailable stock should show its availability state. Online topper purchases must not be redirected into the wigs/permanent-extensions booking flow.

PAGE METADATA FOR APPROVAL

Title

Hair Toppers for Thinning Hair | Shop Silk & Skin | Alchemane

Meta description

Shop human hair toppers for a thinning crown or widening parting. Compare silk and skin bases, find your size and shade, and buy online from Alchemane.

What we can use from the references

The landing page was read directly and the supplied desktop Figma PDF was reviewed. The useful education and product ideas are adapted for a direct-purchase page.

Hero + Who Is It For?	Use the coverage message and three concise concerns. Replace booking actions with Shop hair toppers.
Natural-look videos + client stories	Combine into one proof section. Use genuine, permission-cleared topper media.
Why Alchemane + The Alchemane Promise	Condense into specific benefits. Confirm which services come with an online order.
Other / generic topper comparisons	Replace with a silk-vs-skin comparison that helps the buying decision.
Measuring, wearing and buying guides	Keep as practical education with short copy and approved videos.
Figma product grid	Keep four core products near the top. Use current catalogue prices, variants and Choose options.
Repeated transformation sections	Merge to avoid showing the same message several times.
Consultation blocks and studio appointments	Exclude from the buying flow. No consultation form, fee refund or weekly appointment limit. Keep Khar West contact details in the footer.
Free guide download	Exclude until the guide and delivery process exist. Provide the measurement guide on the page.
Celebrity proof, awards, ratings and counts	Hold until evidence, permission, relevance and current figures are approved. Do not reuse Figma sample reviews.
Absolute product promises	Hold virgin-origin, no-damage, perfect-blend and unlimited-adjustment claims until verified for the relevant products.

> **Address check:** The landing page contains both Bandra and Khar West wording. This draft uses the Khar West address.

Decisions before the final build

- [ ] Approve the direct-purchase journey and section order.
- [ ] Approve or edit all headings, paragraphs and FAQ answers.
- [ ] Confirm the launch range. Hairline Toppers, Rose Topper, Classic Clip Topper and Mesh Topper have incomplete sale data locally and are not shown as available products here.
- [ ] Confirm prices, variants and stock behaviour. Preserve the live shade labels: Silk 5 x 6 uses Brown Gold Highlights; the other three use Highlights.
- [ ] Confirm SKU routing: the Skin 5 x 3 listing also includes 5 x 6 variants. Decide between separate product destinations or preselected size variants.
- [ ] Verify base construction, parting, supplied attachment and product-specific wearing/care instructions.
- [ ] Confirm whether cutting, colouring, fitting or aftercare services are included or charged separately.
- [ ] Approve hero, measuring, wearing, before/after and customer media with usage permissions.
- [ ] Approve consistent shipping, returns/exchanges and custom-order terms.
- [ ] Confirm support contacts and any optional shade-help process.
- [ ] Approve the content before the final website design and build begins.
